About the Speaker

Dr. Frederick Rotgers has more than 30 years of experience working with persons with substance abuse problems. He is the immediate Past-President of the American Psychological Association's Society of Addiction Psychology (APA Division 50). He is a Fellow of the American Psychological Association (Division 12 and 50). He is certified in two specialties, Clinical and Cognitive and Behavioral Psychology, by the American Board of Professional Psychology. Dr. Rotgers is widely published in the field of addictions and harm reduction. He is the American editor-in-chief of the journal *Addiction Research and Theory* and has lectured internationally on issues in addictions treatment. He has a private practice in Manasquan, New Jersey, where he specialized in harm reduction therapy and other person-centered approaches to address alcohol and drug problems.

About the Workshop

In this half-day workshop, the speaker will introduce us the latest trends in the treatment on drug addiction problems in the US. Particularly, he will share with the participants his view on a variety of areas including mindfulness-based intervention for addictive problems, use of medications, Community Reinforcement and Family Training (CRAFT) for family members, motivational interviewing as well as harm reduction therapy.
