## 1-Day Workshop for Healthcare Professionals (B3-3)

### *Grief Counseling: Theories, Skills and Interventions*

#### Learning Objectives

- Delineate the myths of grief from the facts of grief.
- Explain the normal symptoms of grief and identify the factors influencing grief.
- Understand different models of grief and integrate the principles of grief counseling in work with clients.

#### Facilitator

**Howard R. Winokuer, PhD, FT. LPC, NCC**

Dr. Winokuer is the founder of the Winokuer Center for Counseling and Healing in Charlotte, North Carolina where he maintains a full-time clinical practice. He has taught numerous courses and been a guest lecturer at many workshops, seminars, colleges and universities with many publications. Dr. Winokuer served in numerous leadership positions in the field. He was the past president of Association for Death Education and Counseling and was one of the co-editors for the recently released book: *Grief and Bereavement in Contemporary Society: Bridging Research and Practice* (2011).
