

Restorative Practices

*Positive Behaviour Management For Special Needs Children**

30th May 2019

COURSE OUTLINE

Restorative Practices(RP) is a proven approach that values relationships. RP has been shown to improve behaviour and enhance teaching and learning outcomes. This workshop will focus on how RP approaches can be adapted to engage students with special needs

WORKSHOP OBJECTIVES/ LEARNING

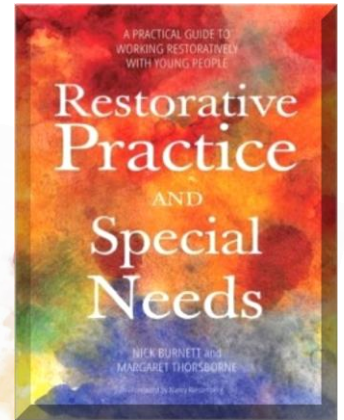

- Understanding the RP Process & RP Continuum
- Adopting RP Framework to work with Special Needs
- Using Case Studies as example of Practice
- Challenges, Implications & Possible Adaptations
- Visual based resources will be incorporated to show strategies for working with special needs children

TRAINERS

We have gathered an eclectic group of trainers who are former:

- MOE CCE HODs;
- HQ Officers/Teachers;
- Corporate officers with over 60 years of collective experience.

They will train, demonstrate and share on the RP approach to effectively work with special needs students in schools and community.

Attend the training and get a free copy.

WHO SHOULD ATTEND?

- **Classroom Teachers;**
- **Counsellors;**
- **Special Needs Officers;**
- **Social Workers ;**
- **Anyone who work with special needs students**
